Changing the Browser Font

To change the font size on the main course page, use the following keyboard combinations.

On the Windows operating system:

Hold the Crtl **Ctrl** key down while pressing the + (plus) **+ =** key to make the text larger.

Hold the Crtl **Ctrl** key down while pressing the – (minus) **– -** key to make the text smaller.

On the Apple Macintosh operating system:

Hold the Command **command ⌘** key down while pressing the + (plus) **+** key to make the text larger.

Hold the Command **command ⌘** key down while pressing the – (minus) **-** key to make the text smaller.
